MEMORANDUM FOR: Mr. [ ] NIPE Staff

SUBJECT : Intelligence Management Improvements

John:

In your new capacity on the NIPE Staff, I am sure you will have considered the advantages of extending some form of our budgetary support systems (FAN and ABC) to the rest of the Intelligence Community. You have undoubtedly given some thought also to the alternative of accommodating the input of others, classified by a different system, and of the procedural problems involved therein. Exactly how the Intelligence Resources Advisory Committee will go about "advising the DCI on the preparation of a consolidated intelligence program budget" may become clear over the next few months. As the details develop, if we can help you in any way or promote the Agency's budget systems for wider application, please let me know.
